COVID-19 Alert

Your child may have had close contact with a positive COVID-19 case at school. Please do the right thing for Derby by taking the steps listed below:

- Visit the Government website or call 119 to get a free PCR test as requested by your local council, whether you have symptoms or not. You can book a test at a Local Testing Site or request a home testing kit.

- Isolate if you have symptoms or test positive and inform the school. If you have to isolate, the Derby Community Hub can provide support.

- Get fully vaccinated as soon as you can if you are eligible. You can book your vaccination on the NHS website or by calling 119.

- Keep washing your hands. At this time of year, common respiratory illnesses (coughs, colds and flu) are circulating and hand washing is a key way to stop these spreading.

- Consider limiting contact with people who are at higher risk of serious illness from COVID-19.

- Try to meet people from outside your household outdoors rather than indoors.

For more information, visit the Derby City Council website.
