

EYFS: What will school be like when we go back?

<p>We have been staying at home because of coronavirus.</p> <p>Coronavirus is an illness that can make people feel very poorly.</p>	
<p>To stay safe, we have to try to stay 2m away from people who don't live in our house.</p>	
<p>We might be able to come back to school soon.</p>	
<p>School will start and finish at different times. This will help us to keep apart from other people.</p>	
<p>We will need to wash our hands lots for 20 seconds using soap or hand gel. This will help keep us safe.</p>	
<p>We need to use a tissue when we cough or sneeze. Then we need to put the tissue in the bin and wash our hands.</p>	

You might not be with your usual teacher, but whoever you are with will be very glad to see you and will look after you.

We will be working in small groups all of the time so that we have more space around us. This will help us not bump into each other.

Our classroom will be split up so that each group has their own area.

Each group will have their own resources so that we don't have to share with other groups.

We will eat our lunch and play in our small groups. We might not see all of our friends, but will be able to have fun in our group.

We can wear PE kit with trainers or comfy shoes and a school jumper or cardigan to school. This will mean that we don't need to get changed in school. It is important to change our clothes when we get home.

We don't need to bring anything else into school.

If you have a cough, high temperature or lose your sense of smell or taste, you still need to self-isolate. Do not come into school if you are poorly.
